

Grow Your Business

PAID SEARCH ADVERTISING IN SPANISH

Are You Tapping Into the Fastest Growing Market in America?

Increase your potential market size by as much as 35%

With over 58 million Spanish speakers in the U.S., purchasing power estimated at more than \$1.5 trillion, and adoption of new brands and receptivity to advertising that is higher than the general public, now is a great time to begin marketing to Spanish-speakers online.

79% of the Hispanic population living and working near your business is using search engines on a daily basis. ***

Spanish-language paid search campaigns better position your business to tap into this emerging market by enabling Spanish-speaking potential customers to find you on the web, opening new business opportunities that can lead to sales increases and market expansion. This audience is truly bilingual online and comfortable conducting business in English, according to a study by Google and Ipsos Media CT.

Launch paid search advertising in Spanish and enjoy:

Lower Costs

With few brands tapping into this nationwide, you can enjoy a competitive advantage and generally lower Cost-Per-Click and Price-Per-Lead in this less competitive space.

Huge Market Potential

Easily reach millions of U.S. Spanish speakers, right where they are already looking.

Higher Click-Thru-Rate

Hispanic consumers pay attention to online ads 20% more than the general online population, according to Google.
